

REPRESENTATIVE AND DELIBERATIVE GROUPS

The Holmdel Township Board of Education supports the idea of ready intercommunication of ideas and feelings regarding school operations and directs the Superintendent to include professional and nonprofessional employees during planning stages whenever feasible.

The Superintendent shall weigh, with care, the counsel given by employees especially that given by groups designated to represent large segments of the staff and shall inform the Board of all such counsel in presenting reports of administrative action and in presenting recommendations for action by the Board.
