

Overview of Food Services Program Changes at Holmdel High School

The District has selected Chartwells School Dining Services to provide food service for our district. They were selected as our new provider because of the enhancements and very exciting changes they will be making to the program.

At Holmdel High, Chartwells is committed to improving the merchandising, speed and quality of the meals served. The goal is to provide the students with a program that will maximize participation and satisfaction by creating an upscale retail environment for the students.

Some of the enhancements to Holmdel High are:

- To ease congestion an additional point of sale will be added outside the service area in the commons. It will be a kiosk and will be called the Side Café. It will feature items such as grilled chicken breast sandwiches, quarter pound hamburgers, rotating sandwich specials and grab and go specials.
- The existing serving area will have new upscale signage and décor to enhance the students eating experience.
- There will be a total of six food stations which will feature different choices for the students. Each food station will be clearly identified. Some of them are:
 - Menutainment theme bars such as made to order pasta bar, Asian station, brunch for lunch and all American favorites bar.
 - Offered daily will be a made to order deli station, home made pizza and our daily hot origins special.
 - The snack station will be called the Outtakes. Students will be offered a variety of selections including a choice of healthy choice snacks and beverages.
- On or before October 1, the students will use a computerized POS (point of sale system) to pay for their meal. This is a cashless system that will allow the parents to prepay for their child's meal. The point of sale system will speed up the line, and allow Chartwells to offer more selections. This will result in customer satisfaction and generate more revenue to the district. Should you choose not to prepay your child still can use cash.

On the following pages you will find September menus and prices. Should you have any questions please call Laura Blasucci, Chartwells Food Service Director at 732-946-1814 or email her at food@holmelschools.org.
