

## Mealpay Plus

Mealpay Plus is your source for convenient, secure meal account management. They make it easy to apply funds to your child's account, check their account balance as well as review what your child is choosing for lunch.

To register your child go to Mealpay Plus web site <https://www.mealpayplus.com> to register your child. When you go on the site look to the menu to the left and click on register. You will need the child's student ID number, not the Pin number. You can get the student ID number on their report card, or call the food services office at 732-946-1814 and we can give it to you.

Some features you may wish to consider using on Mealpay Plus are:

1. Enable the tab that will have Mealpay e-mail you when your child's funds are getting low. This is a free and convenient service.
2. You can review your child's account and see what they are purchasing. The feature retains 30 day history of your child's purchases.

If you have a problem getting registered call the 1-800-859-6508, Mealpay Plus will help you with getting registered.

Should you wish to restrict your child's choices or the amount of money that they spending everyday, you must call the food service office 732-946-1814, do not call Mealpay Plus. From the time the food service office receives your request it will take 24 hours to update the system and the restrictions to be in place.

Should you decide to use your debit or charge card to deposit monies on your child's account there is a transaction charge of \$2.00 per family (this is charged by the company processing the transaction). After you register your child you can re-fill their account by phone or computer, but remember there is a \$2.00 charge for this transaction per family.

You pay by check by sending the check, with your child, in to food services. By doing so you can avoid all transaction fees. When doing so please place their pin number on the check, instruct them to hand it in to food services at lunchtime. If you have more then one child at two different schools please send in a check per school. Please put all checks in an envelope with the child's name and pin number on it. There is no limit on the amount of money that can be deposited into your child's debit account. Please make the check or money order payable to "Holmdel BOE Food Service Fund", we recommend a minimum payment of \$25.00.

Should there be any fund balance in your child's account at the end of the school year, these funds will roll over into your child's account in the next school year. Refunds will only be issued if a child leaves the school district. Any deficit in your child's account at the end of the school year must be paid in full prior to the end of the school as these deficits cannot be carried over.

If you have any questions regarding the POS system or the Food Service program, please contact Laura Blasucci, Director of Dining Services @ 732-946-1814
