Agenda Item #6 is a revision to the 2021/2022 calendar making Thursday, May 26, 2022 an early dismissal for students and staff.

Basketball coach process - As the employer, through both the procedures and processes which a district follows with regard to personnel matters, formal inquiries, and investigations, every effort is made to proceed discreetly and in strict adherence to the confidentiality of those proceedings. This particular case is no different and therefore, as superintendent of schools I'm unable to provide specific details about this case nor respond to claims and assertions which may have been presented in the local media. I can however speak in terms of the procedures and protocols which a district will follow in these cases and which were followed in this particular case.

When the district is in receipt of what can be characterized as a public complaint or grievance, there are a number of different policy mechanisms by which this complaint/grievance may be addressed and or investigated. In some cases, and pursuant to Board of Education policy and or statute and administrative code, the district may be obliged to turn the allegation or complaint over to local law-enforcement and or county prosecutor's office. While the respective law-enforcement agency is engaging in their own investigation, the school district's investigation must be paused. Only once the school district has been officially informed by the aforementioned law enforcement agency that they have concluded their investigation and presented the disposition in that investigation, may the school district commence its own internal inquiry process.

Once the district receives that disposition, the internal investigation proceeds and is concluded in an expedient but at the same time diligent process as possible. While bringing appropriate closure to the investigation in a timely manner as possible is, generally speaking, in the best interest of all parties, it is also worth noting that investigations and corresponding interviews, analysis of findings, and presentation of findings in the form of a written report can sometimes require a significant investment of time.

The Health Education Town Hall date has been changed to Thursday, May 12 at 7:00 in the high school auditorium due to a conflicting event, a date change reminder will be sent out and a districtwide robocall will go out next week in advance of the event.

H. Harassment, Intimidation and Bullying (H.I.B.) Report

Dr. Cascone reported that HIB Investigations that were completed between the last public meeting and this public meeting, were furnished to the Board of Education for their review and will be slated for Board affirmation at the May 25, 2022 Board Meeting. Dr. Cascone stated that he has reviewed all of the Executive Summaries and concurs with the findings as presented.

I. Committee Report(s)

Before a matter is placed on the agenda at a public meeting, the administration reviews the matter with the Superintendent of Schools. Members of Board committees then work with the Superintendent to ensure a full review of these matters and after committee review and discussion, administrative recommendations are placed on the agenda for action at a public meeting. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.

- Mr. Reddy – Curriculum, Instruction & Special Services
 - Mrs. Briamonte – Budget & Finance
 - Mr. Hammer – Buildings, Grounds & Safety
 - Mr. Sockol – Labor Negotiations/Personnel

He expressed his appreciation and gratitude for the community and the Board and wishes the new generation the best of success and encouraged those interested to run for the School Board.

- Mr. Wall thanked all of the parent support groups for their continued support of the district and community.

HIB seems to have become a 'catch-all', however, it's a very narrow area and, while some cases do fall under HIB, others clearly do not. Perhaps the district could provide additional resources to parents with a similar structure and timeframe for investigation and resolution for these incidents.
