Dr. Cascone reported the following Enrollment Data as of June 28, 2023:

Village: 815	Indian Hill: 660
Satz: 523	High School: 953

Total Students: 2,951

The Holmdel Public Schools successfully closed out the 2022–23 school year last week. William R. Satz Middle School held their graduation ceremony on Monday, June 19th awarding certificates of completion to 272 students. We wish all the rising ninth graders congratulations and all the best as they move on to begin their high school careers whether at Holmdel High School or at other secondary academic institutions.

On June 20th, Holmdel High School held its historic 50th commencement ceremony for the graduating class of 2023. Congratulations to the 223 graduates of the Class of 2023 on achieving this important milestone. Ninety-six percent (96%) of the graduating class will be continuing their academic careers at institutions of higher education. The complete list of colleges and universities can be found on the school district's homepage but it is an impressive array of institutions of higher learning and, of course, we are very proud of our students, their folks and our school district, all of whom played a role in this achievement.

Later that evening, on June 20th, the graduates enjoyed a safe and fun celebration at the Project Graduation event held at Sportika in Manalapan. I had an opportunity to swing by for several hours and the school district is tremendously grateful for the tireless efforts of the Project Graduation organizing committee, all the parent volunteers who came out that night to support the event and the generous donors who helped fund it.

On Tuesday, June 27th, the district administrative team met for its annual June planning retreat. The team engaged in a debrief of this past year's goals, accomplishments, and ongoing priorities, teambuilding exercises, as well as a number of vital trainings were conducted. The administrative team will continue to meet throughout the summer for weekly roundtable meetings to maintain a focus and continuity of planning.

Tomorrow, Thursday, June 29th, the strategic plan task forces will meet for an all-day action planning session. The task forces are optimistic that draft action plans will be completed by the end of the day. A half-day session is currently scheduled for July 6th, in the event that it is needed. A draft action plan will be prepared to share with the Board in July and with the community in August, in advance of the next school year.

Finally, in closing, the summertime in the school district will continue to be bustling with activity as the district will host its Extended School Year Program for students with specialized learning needs, as well as the Summer Step Programs and Theater Arts Performing Camp. The Buildings and Grounds Department, as always, will be hard at work not only in carrying out the annual deep cleaning and maintenance of the school district's facility; but also engaged in a number of renovation and light construction projects.

That, Mr. President, concludes my report, which I submit into the record.

(How often they meet and duration of each meeting, whether the kids think they are doing a good job, etc.) He asked about an end-of-year evaluation for advisors and stated that, since this is just for the fall, we will see the winter and spring as the year goes on but for most of the academic clubs, this is it and asked about the total costs. There was a discussion amongst the Board about obtaining student input regarding coaches and advisors and, if not already being done, perhaps that same concept can be implemented to survey students about courses at the end of the year. Dr. Cascone made follow up comments.

O. Old Business

- Mrs. Briamonte referenced the Strength and Conditioning coach and inquired about how this will be communicated to all students so they can be aware of these services. Dr. Cascone responded that students are alerted to the availability of that service during the daily announcements each school day and that priority is given to the teams that are in season. Therefore, priority during the summer would be given to any students participating in athletics during the fall season with additional slots for other teams and other individuals. Dr. Cascone shared that he will follow up with Dr. Kukoda to see if notification will be sent to students this summer regarding the availability of services. Mr. Wall provided additional comments and shared that some folks may think that it is largely for one particular sport, and oftentimes, that's football and shared the freshman field hockey girls were in there, working out, this morning and he feels the facility is used by a number of different sports, both boys and girls.
- Dr. Collur referenced the Chartwells presentation at last month's meeting and wanted/recommended setting up an Ad Hoc Committee regarding Food Services and healthy choice offerings. Dr. Collur, Mr. Mann and Mr. DiMare are interested in being on the Ad Hoc Committee.
- Dr. Collur referenced the discussion regarding Addy's House and inquired if we can invest into it if it's not a structure being utilized for school purposes. Mr. Green advised that we can do what we would like with property owned. She also inquired if we should do a survey with the community regarding this house and what its future plans should be. Dr. Collur asked if there might be a group of people who would be interested in funding the improvements to the house, similar to the HFEE and the current Music Room project. She also referenced the costs to redo the house vs. the costs to raise the house and suggested doing the survey to see what the community would prefer. There was a detailed discussion among the Board.

P. New Business

- Mrs. Briamonte referenced the successful graduation that was held last week and stated it was unfortunate the (4) former Board Members in attendance were not recognized and/or acknowledged. Dr. Cascone apologized for the oversight, which will not happen again and Mr. Reddy shared his opinion on this matter.

Q. Questions or Comments from the Public

- Mr. Loughran, Satz Principal, referenced discussions regarding Addy's House and asked the Board to be mindful about what impact the improvements, if any, would have on ingress/egress issues and the future of that site and the complex. He also spoke about the Schedule B evaluation process and provided history on that topic. He also thanked Amanda Lamoglia for all of her efforts and spoke about the positive impact she has had on the district. Lastly, he spoke about Mr. Jay Demarest and suggested that he be honored/recognized and that the Board consider naming the new turf field after him.

R. Executive Session (if required)

Mr. Reddy stated the need for the Board to go into Executive Session for Personnel Matters.

It is a comprehensive program that develops sensemaking skills in middle school students (an area of identified need through NJSLA data and Inner Orbit data), through the use of a coherent storyline, creation of driving question boards, and use of group consensus models to evidence understanding. This will give a more cohesive approach to the content in grades 6-8, as well as provide a common ground from which all teachers are working. It is appropriate for all levels of learners.

9781423183648	Percy Jackson's Greek Gods	Rick Riordan	BOOK	336	Disney-Hyperion	2014-08-19	A publisher in New York asked me to write down what I know about the Greek gods, and I was like, Can we do this anonymously? Because I don't need the Olympians mad at me again. But if it helps you to know your Greek gods, and survive an encounter with them if they ever show up in your face, then I guess writing all this down will be my good deed for the week. So begins Percy Jackson's Greek Gods, in which the son of Poseidon adds his own magic--and sarcastic asides--to the classics. He explains how the world was created, then gives readers his personal take on a who's who of ancients, from Apollo to Zeus. Percy does not hold back. "If you like horror shows, blood baths, lying, stealing, backstabbing, and cannibalism, then read on, because it definitely was a Golden Age for all that." Dramatic full-color illustrations throughout by Caldecott Honoree John Rocco make this volume--a must for home, library, and classroom shelves--as stunning as it is entertaining.	\$24.99

The Garde didn't start this war, but they'll do whatever it takes to end it once and for all. . . . The Mogadorians have invaded Earth and the Garde are all that stand in the way, but they'll need an army of their own to win this fight. They've teamed up with the US military, but it might not be enough. The Garde need reinforcements, and they've found them in the most unexpected place. Teenagers from across the globe, like John Smith's best friend, Sam, have developed abilities. So John and the others must get to them before the Mogs, because if they don't their enemies will use these gifted teens for their own sinister plan. But after all that has been taken from John—his home, his family, his friends, and the person he loves most—he might not want to put any more lives in danger. When hundreds of lights appear across the sea during Artimé's first annual masquerade ball, the party is over. Artimé is under attack, and Alex, the magical world's young mage, must prove he can handle his newfound leadership. Alex receives no help from Aaron, his scheming twin brother. Instead of rallying Quill to help defend their island, Aaron disappears and happens upon a dangerous secret hidden in the jungle—one with the potential to give him the power he desperately desires. Even in the midst of battle Alex hasn't forgotten his promise to rescue his new friend Sky's mother from the volatile Pirates Island, a rocky volcano that randomly spits fire and sinks beneath the ocean's surface with little warning. Once the rescue team is on the way, friendships are tested and the stakes are high. Ultimately the team discovers there are more creatures than they ever imagined in the waters surrounding their island chain—and not all of them are friendly. Adventure, danger, legendary creatures, exotic beasts, and the most unusual island so far rise up to challenge Alex and his friends from Artimé in this thrilling continuation of Lisa McMann's The Unwanted series.	\$7.99

9780316276931	Middle School, The Worst Years of My Life	Chris Tebbetts	BOOK	320	jimmy patterson	2016-08-23	Bestselling author James Patterson's most beloved middle grade protagonist, Rafe Khatchadorian, is getting the Hollywood treatment! A film version of Middle School: The Worst Years of My Life starring Griffin Gluck, Lauren Graham, Rob Riggle, and Thomas Barbusca smashes into theaters in October 2016. In his acclaimed and number-one bestselling middle-grade comic debut, Children's Choice Award Author of the Year James Patterson has never been more hilarious--or heartwarming. Rafe Khatchadorian has enough problems at home without throwing his first year of middle school into the mix. Luckily, he's got an ace plan for the best year ever, if only he can pull it off: With his best friend Leonardo the Silent awarding him points, Rafe tries to break every rule in his school's oppressive Code of Conduct. Chewing gum in class--5,000 points! Running in the hallway--10,000 points! Pulling the fire alarm--50,000 points! But when Rafe's game starts to catch up with him, he'll have to decide if winning is all that matters, or if he's finally ready to face the rules, bullies, and truths he's been avoiding. James Patterson's debut middle-grade novel addresses some of middle schoolers' biggest issues: bullies, first crushes, and finding out what makes each of us special, all with a hilarious main character and fantastic in-text illustrations that are sure to have young readers begging for more!	\$13.99

For Issa, it's a shot at creating a new and better life for herself and her siblings. For clever con artist Harper, it's a chance to bury the secrets of her troubled past and make sure that those secrets stay buried. But for Owen--honor student, star quarterback, and computer-hacking genius--it sounds like a trap. He's right. Owen discovers that instead of auditioning for the CIA, they've all been tricked by a multibillion-dollar tech company into creating the ultimate computer virus. It's called Phantom Wheel, and it's capable of hacking anyone on Earth, anywhere, at any time. And thanks to six teenagers, it's virtually unstoppable. Horrified by what they've done, the hackers must team up to stop the virus before the world descends into chaos. But working together is easier said than done, especially as the lines start to blur between teammate, friend, and more than friend. Because how do you learn to trust someone when you've spent your entire life exploiting that same trust in others?	\$10.99
