- District wide Windows Project
  - Project scope is to replace older windows and doors with new more energy efficient and secure windows/doors using Rod Grant funding

  - Bid specs are being completed and the expected timeline is:
    - Feb – Bid is issued
    - Mar – Project is awarded (based on funds available)
    - Aug/Sep/Oct – Construction/replacement begins

  - Committee reviewed several entry designs from the architect and asked for a specific design to be priced out with an estimated quote for the next meeting
