

To: Holmdel Township Board of Education

From: Chair, Building, Grounds, & Safety Committee

RE: February 27, 2015 Notes

Attending: Mr. Sockol (chair), Mr. Hammer, Ms. Kline, Mr. Reddy, Mr. Petrizzo, and Mr. Scala

The Building, Grounds, & Safety Committee met on February 27, 2015 to discuss the following matters:

1. Mr. Petrizzo and Mr. Scala presented color-coded long range facilities plan analysis. Their general consensus is that funding sources exist, either external or internal, to handle pressing building needs up through 2017. When the District's existing debt service is retired by the end of the decade, the District will be in a good position to borrow additional funds if needed.
2. We met prior to the March 10th bid opening for the districtwide window replacement project. The only bid was rejected by the board on March 11<sup>th</sup>, and the committee will discuss next steps at its March meeting.
3. The Committee reviewed the latest W.R. Satz canopy design and requested cost estimates.
4. Ms. Kline raised busing concerns that were discussed by the committee, including eating food on the bus that may trigger allergy sensitivities for certain school children, specific bus routes, and students assigned as "monitors" on buses.

The next meeting of the Building, Grounds, & Safety Committee will take place on March 27 at 12 noon in the central office.

Sincerely,

Mike Sockol  
Chairman, Buildings, Grounds & Safety Committee
