

Buildings & Grounds Committee Notes
April 22, 2009

Present: Barbara Duncan, Michael Petruzzo, Bill Balicki, Anthon Gattini (technology only), Frank Luccarelli, Robin Wetmore, Mike Collins and Jim Shelton

1. Energy Management Conservation Policy: The committee reviewed the final draft of the policy; a copy will be included in the Friday packet for all Board members and will have a first reading at the April 29th meeting. Energy Education has reviewed and approved the modifications made to the template policy they provided.

2. Roggy Field Septic Tank Update: Installation is complete. Booster Association will complete hookup of sink and grease trap. The installation project came in under budget.

3. Village School Play Pavilion Ribbon Cutting Ceremony: The ribbon cutting was on April 21st. Students will have access to the area during recess and scheduled class activities. The Board will recognize volunteers and contractors who donated services at a May BOE meeting.

4. Facility Use Request: The committee favored 2 requests that will be on the May BOE agenda.

5. Technology Discussion: There was a follow up discussion with Anthony regarding current technology deployment and needs.

6. Other matters: There was a discussion regarding the tracking and monitoring of room temperature in the schools.

Robin will prepare an end of the year committee recap.

7. Next meeting: TBD

Respectfully submitted,
Robin Wetmore
