**ITEMS FOR DISCUSSION**

High School Grading--this issue was discussed in terms of reviewing the grading system at the High School. The members discussed the grading system was re-evaluated extensively approximately 10 years ago -at that time an Ad Hoc Committee was formed with the charge of completing an extensive review and reporting its findings to the board. The grading system has been reviewed periodically since the Ad Hoc Committee. It was decided by the committee to have Mr. Loughran update the committee on all aspects of the grading system at the October Meeting. The committee will continue the discussion and have a recommendation to the full board.

**ITEMS FOR APPROVAL**

Curriculum Guides--updated to reflect new standards and the Common Core  
Textbook Adoption--Math Honors Gr. 6--Glencoe Math Accelerated Pre-Algebra Program

**ITEMS FOR INFORMATION**

Information regarding the Common Core Standards, in particular that addressing reading comprehension and text complexity, is on the District Web Site under Curriculum
