

NJ FamilyCare Information

The State of New Jersey has made a commitment to provide universal health insurance to children and affordable options for parents/guardians. This new law mandates that all children age 18 and under have health insurance.

NJ FamilyCare is a federal and state funded health insurance program created to help New Jersey's uninsured children and certain low-income parents and guardians have affordable health coverage.

The Holmdel Public School District, in cooperation with the New Jersey Department of Education, is providing this information to assist families in accessing free or low cost health insurance. For information and to access the NJ FamilyCare website, go to: www.njfamilycare.org or call 1-800-701-0710.
